	Milan, Italy		Sacramento, CA

0.2 WORK EXPERIENCE

MAR 2020 **LPA DESIGN STUDIOS**
PRESENT Design Coordinator I
Sacramento, CA

Worked as part of a small but mighty core team during the three-year long **construction administration** phase of the high school portion of the Agnews K12 campus build-out. Collaborated with the team to **assemble** and **present design options, renderings, and material finish boards**. Worked on **Healthcare** projects throughout all design phases, but with a **strong emphasis** on construction administration, **leading** the efforts. Aided the Project Manager in **developing plans** for **agency review, building energy modeling, project masterplanning** and **design charrettes**.

OCT 2017 **THE MILLER HULL PARTNERSHIP**
MAY 2018 Architectural Intern
San Diego, CA

Assisted design team in creating digital and print client presentations, VR walkthroughs, renderings in Lumion/Enscape, and developing drawing sets for project submittals. **Notable tasks included: contract administration** for IDEA1 mixed-use housing block, interior design **finish selection** on UCSD TP3, **schematic** and **concept design** for Birch Aquarium, and **design development** of the University of Arizona Student Success District.

JULY 2018 **NACHT & LEWIS ARCHITECTS**
MAR 2020 Design Technician
Sacramento, CA

Worked as part of the **K12/Higher Ed** team to **prepare documentation** for **design development & construction documents**, generated **schematic** content for **project acquisition**, researched various **product and construction methods**, reviewed **construction administration** documents, **facilitated coordination** among consultants, and also worked to implement and maintain **design standards and specifications** for various regional school districts in the Sacramento area.

FEB 2017 **AVRP SKYPORT STUDIOS**
MAY 2017 Student Intern
San Diego, CA

Assisted design team on various projects; ranging from office, commercial, education, and a design competition. Tasks included **site modeling** and **form generation** in SketchUp, drafting in AutoCAD, and **concept development** in InDesign, Illustrator, and Photoshop.

0.3 PROFESSIONAL DEVELOPMENT

CREATE MENTORING PROGRAM

Actively worked to lead and advise students about career opportunities in architecture, engineering, and the construction trades. Coordinated and facilitated visits to local architecture and engineering offices, conducted tours of active construction job sites, and coached team in solidifying presentation in preparation for competition day.

EMERGING PROFESSIONALS PROGRAM

Active member of the local chapter group. Have participated in AXP tours, attended lecture series, and have taken part in many events during AIACV's Experience Architecture Week.

Served a two-year tenure as chairmember on the firmwide DEI Council, representing the Sacramento office, integrating lessons learned into the ethos of the studio by learning to approach and navigate sensitive topics and foster overall community within a large firm with employees working across multiple offices.
